CAUTION

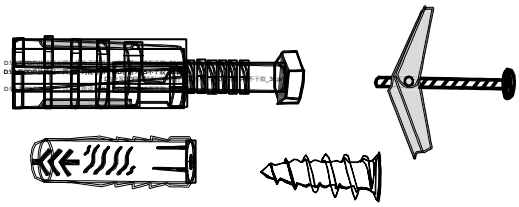

Wall fixings are not included as hanging surfaces vary.
We recommend that mirrors/Pictures weighing over 20kg are hung by Professionals only.

Wall Plugs and screws must be compatible with the wall construction and materials, and suitable for holding the weight of the mirror/Picture. If in doubt, seek Professional advice.

This mirror/Picture has been designed to be hung as shown below. **DO NOT** use Picture wire as this will create a strain on the hangers and could result in failure of the mirror/Picture fittings.

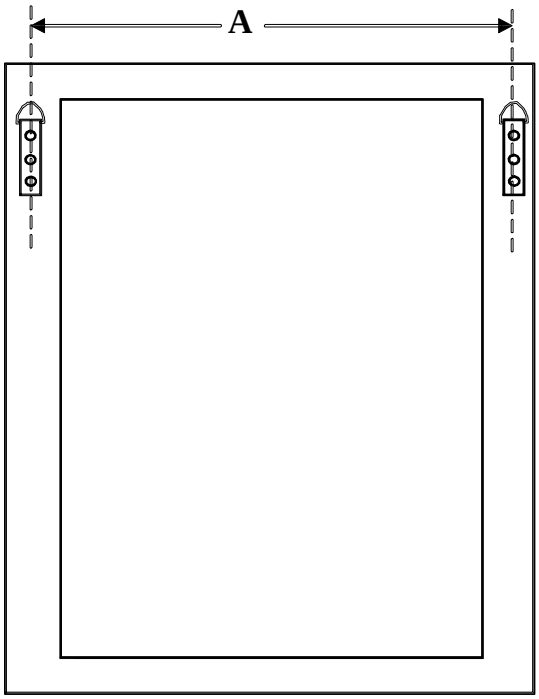

MIRROR/PICTURE HANGING INSTRUCTIONS

1. Choose wall anchors suitable for the type of wall (stone, brick, cavity etc.) and the size and weight of the mirror/Picture to be hung.

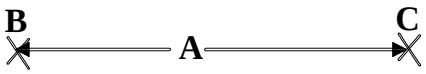

Anchors (Not Included)

2. Measure the distance between the mirror/Picture hanging brackets.

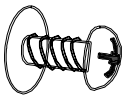

3. Measure the same distance on the wall, ensuring the mirror/Picture is to be hung (B & C).

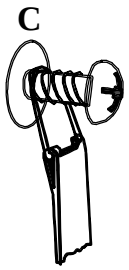

4. Drill holes at B and C to accept the wall anchors.

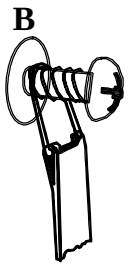

5. Insert the wall anchors.

6. Insert suitable screws/bolts, leaving approximately 1cm of the screw and screw head Protruding to safely accept the mirror/Picture hanging brackets.

7. The mirror/Picture hanging brackets should be hung directly on these screws.

NOTE: For questions about parts or assembly please email support@meridianfurnitureusa.com or call us at 718-758-4455.
