

Borno 20" Mother of Pearl Nightstand

SKU: TOV-B54951

The Borno Nightstand is the kind of bedside piece that earns a second glance every single time you walk into the room. Hand-applied mother of pearl shell inlay covers the surface in a soft, luminous mosaic that catches and reflects light with a quiet, natural iridescence no two pieces share quite the same way. The tonal shifts and subtle texture variations across each shell are not imperfections they are the whole appeal, a reminder that something genuinely handcrafted was involved. A single drawer keeps your essentials neatly tucked away while the open shelf below invites a relaxed arrangement of books, a basket, or a few objects you actually love looking at. Built on a solid wood internal frame and finished with a protective resin topcoat, the Borno is crafted to hold up as beautifully as it looks. Compact enough for a guest room, elevated enough for the primary suite
