

Camden Sofa Dark Brown

Low, plush, and gridded just so. Camden leans into lounge-forward comfort with deep foam-and-fiber seat cushions, rounded arms, and a continuous wraparound form that feels relaxed from every angle. Dark brown polyester upholstery brings a soft, corduroy-like texture and earthy depth, while channeled seams and narrow arms add modernist structure. A plywood and MDF frame with rubber wood legs supports the generous shape and gives the low form a grounded finish.

- Low Lounge Shape: Deep cushions, rounded arms, and a continuous wraparound form create a low-slung sofa with relaxed, sculptural presence from every angle.
- Corduroy-Like Texture: Dark brown polyester upholstery has a soft, corduroy-like feel, bringing earthy color and vintage-inspired texture to the room with plenty of character.
- Channeled Grid Detail: Channeled seams and narrow arms add modernist structure across the rounded silhouette, keeping the generous form visually composed within the room.
- Deep Lounge Cushions: Foam-and-fiber seat cushions are generously scaled for lounging, giving the low sofa a plush, casual feel that invites everyday lingering.

Item Code	WB-1022-20-0
