

Casey Small Coffee Table Dark Brown

One vertical support does the heavy lifting — and the sculpting. A bullnose edge traces that support, giving the Casey small coffee table a rustic base with contemporary lines. Solid oak edges frame oak veneer panels in a dark brown finish, and the open storage beneath the top is ready for books, trays, or the stack you keep meaning to sort. Sculpture up top, open storage underneath.

- A Support Worth Seeing: A single vertical support anchors the whole table, pairing rustic character with the simple lines of a contemporary living room.
- Solid Where It Shows: Solid oak runs along every exposed edge, so the parts you touch and see are hardwood, with oak veneer panels filling the surfaces.
- All in the Detail: A bullnose edge rounds off the corners, so a minimal shape reads softer up close and feels smooth to the touch.
- Room Underneath: Ample open storage beneath the top holds books, baskets, or trays within reach, and the stain-resistant finish handles everyday spills.
