

Casper High Gloss Nesting Side Table Set - Green

SKU: TOV-OC54996

Equal parts playful and polished, the Casper Nesting Accent Table Set brings an artful edge to modern interiors. Defined by its organic wavy-edge silhouette and glossy lacquer finish, each table feels sculptural yet approachable, with rich color saturation that catches the light beautifully throughout the day. The nested design offers flexibility for entertaining, layering beside a sofa, or styling separately throughout the home, making the set as functional as it is visually striking. Thick tabletops give the pieces a substantial, gallery-inspired presence, while the rounded forms soften the overall look with an effortless sense of movement. Crafted from durable steel, Casper is lightweight enough to reposition with ease yet sturdy enough for everyday living. Whether styled with stacked books, sculptural decor, or a trailing plant, these tables bring a curated, fashion-forward energy to the space.
