

Charlotte Tall Cabinet Black

A French Cleat, promoted from wall hardware to drawer handle. That everyday detail sets the tone for the Charlotte tall cabinet, where a matt black ash frame surrounds natural ash and oak interiors. Ash veneer over an MDF body sits on a rubber wood base, and full-length tempered glass doors put the two-tone contrast on display. Three horizontal drawers at the base run on soft close glides, with adjustable interior shelving above for taller pieces. Display up top, storage down below.

- Two-Tone, Cleat and All: A matt black outer frame against natural ash and oak interiors creates a two-tone look, with French Cleat-inspired handles as the finishing detail.
- Hardwood Where It Counts: Solid ash frames the doors, while oak surfaces the interior shelves and inner drawers for a lighter tone behind the black exterior.
- Soft Close, Every Time: Three horizontal drawers run on soft close glides, so each one shuts gently and keeps smaller belongings organized at the base.
- Show and Store: Full-length tempered glass doors display what is inside, while adjustable interior shelving reconfigures around glassware, books, or taller collected pieces.

Item Code	YR-1021-37
Swatch Code	SWYR-OAKVENEERBLACKASH
