

Cirque Accent Table Light Brown

A generous slab of polished marble sits atop a solid iron frame to create the Cirque accent table. Everyone needs a stylish side table that fits perfectly in any alcove. This one flaunts style and durability, all while being the perfect spot for your morning coffee.

- Polished Marble Top: Polished sand-brown marble gives this round accent table a naturally patterned surface, making a compact moment feel considered and material-rich.
- Stone Variation: Marble veining, rock striations, textured grooves, and uneven texture bring organic variation that makes each tabletop visibly distinct from another.
- Iron Base Form: A solid iron base supports the stone top while adding a grounded metal counterpoint to the table’s rounded shape below.
- Everyday Landing Spot: The compact round surface offers a smart place for a drink, book, or small object beside a sofa or chair.
