

Conga Coffee Table Copper

Coffee table/artwork hybrid? Maintaining a sleek, shapely design, the Conga coffee table comes crafted from iron that's been hallowed into its statement form. Emphasizing a warming copper powder-coated finish and indented tabletop design, this coffee table should only expect compliments. Looking for a different sheen? Conga is also available in an antique zinc finish.

- **Drum-Like Silhouette:** A round, hollow form with smooth, shapely contours gives this coffee table a sculptural presence that anchors any living room.
- **Copper Powder Coat:** A warm copper powder-coated finish adds a burnished, luminous glow that shifts with the light throughout the day.
- **Hollow Iron Construction:** Crafted from hollow iron, delivering a grounded, substantial feel without the excessive weight of a solid metal form.
- **Indented Surface:** A lightly recessed tabletop creates a subtle well that adds a design detail and helps keep drinks and objects naturally centered.
