

Dala Coffee Table White

Round white marble on legs that curve like they mean it. Inspired by French art deco, the Dala coffee table sets a circular Banswara marble top into a solid oak base, where the curve carries a sense of movement. Veining in the marble and grain in the oak give each table its own markings. The surface resists water and stains, which makes a sculptural accent piece a practical one too.

- Curves With Movement: A curved base gives the round shape a sense of movement, translating French art deco lines into something that reads contemporary.
- Cool Top, Warm Base: A solid circular Banswara white marble top is inlaid into solid oak, so cool stone sits over warm hardwood in one piece.
- Marked by Nature: Veining, rock striations, and woodgrain give each table its own markings, with a slight gap where the top meets the base.
- Ready for the Glass: Water and stain resistant, the marble surface takes drinks, books, and everyday living in stride with no special handling required.
