

Dusk Accent Table Black

A mix of black and white marble, the Dusk accent table brings together contemporary modern design with minimalism and structure-play. This table is versatile and unique with a stunning white marble base, a brass-finished iron post, and moody grey marble top — the perfect wow factor for your living space.

- Dark-to-Light Composition: A tonal shift from white base to dark grey top draws the eye upward, creating a contemporary layered look that changes with every angle.
- Natural Marble Surfaces: Dark grey and white marble bring cool depth and organic texture, with unique veining, striations, and grooves that make each table one of a kind.
- Brass Iron Pedestal: A brass-finished iron post bridges the two marble elements, adding a warm metallic accent that gives the minimal form its quiet visual tension.
- Compact Round Profile: A 12-inch round footprint tucks easily beside sofas and chairs, delivering material richness without taking up more space than it needs.
