

Farren Outdoor Side Table Brown

Concrete goes incognito—with a finish that pulls double duty. Farren nails the mixed-material look using just one material. The concrete top is glazed to echo ceramic tile, while the base gets a matte, metal-inspired finish. The result? A clean silhouette with contrast built in. All-weather, all-style, and ready for any occasion.

- Tiling Tabletop: Innovative concrete finishing creates a glossy, tiled appearance for a traditional yet modern look.
- Metal Finished Look Base: Two-legged, stretcher-style base with a metal finish look, showcasing the versatility of concrete.
- Mixed Material Look, Single Material Construction: Entirely crafted from concrete, the contrasting finishes create the illusion of mixed materials.
- Indoor or Outdoor--You Decide: Durable concrete construction allows for use in both indoor and outdoor settings.
