

Foundation Outdoor Accent Table Dark Grey

A little texture goes a long way. The Foundation Accent Table brings a grounded presence outdoors with a round dark gray top patterned in a checkerboard-style relief and held aloft by a clean-lined steel support. Fiber-reinforced natural concrete gives the piece its solid feel, while its weather-resistant, accident-proof design makes it easy to live with in open-air settings. Compact, sculptural, and quietly graphic—it lands like a finishing touch with real staying power.

- **Graphic Texture:** The round top features a checkerboard-style relief pattern that adds depth, rhythm, and a more considered look to this compact outdoor piece.
- **Grounded Materials:** Fiber-reinforced natural concrete pairs with steel for a solid, balanced mix of texture and structure that feels durable and visually clean-lined.
- **Sculptural Support:** A slim steel beam lifts the top with a light visual touch, giving the table a balanced profile and an architectural point of view.
- **Outdoor Ready:** Weather-resistant and accident-proof, this accent table is designed to handle everyday outdoor living while bringing texture and structure to the setup.
