

Greta Side Table Deep Bronze

The little table that gets it. Greta knows how to make the most of a small moment. Cast in aluminum with a blackened bronze finish, it balances sculptural curves with solid utility. The flared base and rounded top bring just enough edge, while a gentle taper keeps the silhouette feeling light. Perfectly sized for a drink, a book, or your favorite corner setup—indoors or out. Scaled back, styled up, and smarter than it looks.

- Flare for Design: The table's cast aluminum base gradually flares out, creating a sculptural silhouette.
- Beautiful in Bronze: A rich, blackened bronze finish harmonizes effortlessly with various design styles.
