

Joy Accent Table Silver

Inspired by a balloon, polished like a mirror. Polished stainless steel gives the Joy accent table its playful, sculptural shape and a high-gloss surface that catches light and reflects the room around it. Bullnose edges keep the silhouette soft and rounded, simple in form yet striking in presence. It works as a functional surface and a standalone accent in equal measure. A little wonder, with a mirror finish.

- **Balloon-Inspired Form:** A playful balloon-inspired shape gives the table a sense of wonder, reading as a sculptural statement as much as a practical surface.
- **Polished Stainless Steel:** Polished stainless steel delivers a mirror-bright surface that catches light and reflects its surroundings, making the table a bold, eye-catching focal point.
- **Bullnose Edges:** Softly rounded bullnose edges shape the form, keeping the silhouette smooth and approachable while reinforcing its playful, high-gloss character.
- **Surface and Sculpture:** Simple in form yet striking in scale, the table doubles as a functional surface and a standalone sculptural accent in living or lounge spaces.
