

Lane 6 Drawer Dresser Natural

Italian marble takes the spotlight — oak curves take the edge off. Scandinavian modern in spirit, this dresser lets its rounded Botticino overhang draw the eye while thick, curved oak elements soften the silhouette underneath. Solid oak legs and frame carry the Lane's grounded look, and six drawers glide on under-mounted hardware — with built-in safety stops adding stability and tip-over prevention. Ample storage, dressed in marble no two pieces share.

- Scandinavian at Heart: Rounded elements and a marble overhang lean into Scandinavian modern design, giving the frame a soft, balanced silhouette that feels current and clean.
- Italian Marble Top: An inset Italian Botticino marble top brings natural veining and tone, so no two dressers share the same character across the surface.
- Curves in Oak: Solid oak legs and frame anchor the piece, with thick, curved elements underscoring the marble overhang for a grounded, considered silhouette.
- Storage That Stays Steady: Six drawers open on under-mounted glides, and built-in safety stops add stability and tip-over prevention for smooth, confident everyday use.
