

Mako Chest Black

Faux shagreen gives this chest a quiet Art Deco confidence. A patterned PU front wraps the Mako chest in black with rich visual depth, while a solid oak frame holds it all steady. Iron legs in a brass finish raise it off the floor, and antique-style accents trace the era's detailing. Behind the front, generous storage keeps clutter out of sight. A storage piece with old-world texture and modern restraint.

- Deco With Restraint: A shagreen-patterned front and clean lines channel Art Deco character with restraint, giving the chest a grounded, considered presence in any room.
- Texture You Can See: A shagreen-patterned faux leather body in black brings rich visual texture, wrapped over a solid oak frame that adds warmth and weight.
- Lifted On Brass: Iron legs in a brass finish raise the silhouette off the floor, while antique-style accents trace the era's detailing across the piece.
- Room To Stash: Generous interior storage keeps everyday clutter out of sight behind a clean front, balancing display surface above with concealed space within.
