

Malone Dining Chair Speckled Hair On Hide

Where sculpted oak meets hide that's one of a kind. Genuine speckled hair on hide leather brings organic texture and natural pattern to the Malone dining chair, while a solid oak frame keeps the profile clean, warm, and modern. Foam and fiber fill over a plywood support frame keeps the seat comfortable through long meals and longer conversations. A dining chair that looks sculpted and sits like it means to stay a while.

- **Sculpted Profile:** A clean, modern silhouette in warm oak brings a quietly sculptural presence to the head, foot, or middle of the table.
- **One Of A Kind Hide:** Genuine speckled hair on hide leather brings organic texture, each chair uniquely patterned by nature for markings all its own.
- **Solid Oak Frame:** A solid oak frame brings organic warmth and lasting structure, grounding the chair for everyday meals and years of use.
- **Set For Long Meals:** Foam and fiber fill over a plywood support frame keeps the seat comfortable and supportive through dinners that run long.
