

Melanie Accent Table White

A modest piece of living room décor, the Melanie accent table keeps its class through tonal shades. Beautiful white marble slabs are held together by a two-tiered iron base with a matte-black finish. The end result of the Melanie accent table is a subtle contemporary piece that can be used for adding plant décor on one layer, and resting your coffee on the other.

- Two-Tiered Layout: Double marble surfaces give you room for display on one level and daily essentials on the other, keeping each surface clean and purposeful.
- White Marble Slabs: Natural marble brings cool depth and luminous texture to both tiers, with unique veining and striations that make each table one of a kind.
- Matte-Black Iron Base: A solid iron base in matte black anchors the marble with tonal contrast, keeping the overall profile minimal and grounded from every angle.
- Natural Stone Character: Unusual veining, rock striations, and textured grooves are part of the marble's nature, so no two Melanie tables share the same surface.
