

Mindy Swivel Chair Light Blue

Channels that catch the light up the back, a base that spins on cue. A sculpted, transitional form curves around you, giving the Mindy a supportive curved back that makes every swivel feel easy. Soft light-blue chenille covers a foam-and-fiber seat over a maple wood and plywood frame, all turning on a 360-degree iron swivel base, soft and easy to settle into. Sit, spin, and settle right in.

- Channeled Barrel Back: A sculpted barrel back with channel detailing wraps the seat in a transitional shape that feels considered from every angle.
- Soft Blue Chenille: Light vintage-blue chenille brings a soft, contemporary texture and a gentle tone that settles easily into a living room or den.
- Maple and Plywood Frame: A maple wood and plywood frame shapes the supportive curved back, holding the sculpted form steady through everyday use.
- Spins on Cue: A 360-degree iron swivel base turns smoothly underfoot, so the seat pivots toward conversation, a view, or the next thing easily.
