

Miri Large Shelf White

Five tiers of open display with nothing to hide. Miri frames books, objects, and decor through an open geometric structure with contemporary roots—working just as well as a freestanding room divider as it does against a wall. A high-gloss white lacquer finish over MDF gives every level a bright, light-reflecting presence that opens up the space around it. Slide two units together for a seamless, expanded arrangement. A shelf where the framework is part of the view.

- Geometric Open Design: An open, contemporary design with clean geometric lines serves as a display unit, a room divider, or both—depending on the day and the layout.
- Bright Lacquer Finish: A high-gloss white lacquer surface reflects light to brighten surrounding spaces, giving the open framework a clean and modern visual presence.
- Multi-Use Storage: Open shelves accommodate books, objects, and collected pieces with full visibility, making it simple to organize, display, and restyle anytime.
- Expandable Arrangement: Two units slide together to create a seamless, expanded display for a larger arrangement across any living room, office, or workspace.

Item Code	ER-1073-18
Swatch Code
