

Monterey Media Cabinet Rustic Blonde

A curve in the front, a finish on the back. Finished on all sides, the Monterey media cabinet works as well mid-room as it does against a wall. Solid pinewood curves gently across the front in a rustic blonde tone, with plywood shelves and back panels inside and a blocked base below. Four magnetic-catch doors open to four compartments with adjustable shelves, and interior cut-outs route cords out of sight. Storage that looks good from every angle.

- Curved and Grounded: A gently curved front softens a long rectangular shape, while a blocked base keeps it sitting low and steady on the floor.
- Pine With Personality: Solid pinewood brings knots and open grain to the rustic blonde tone, with a scratch-resistant finish that holds up to everyday use.
- Doors That Stay Put: Magnetic catches hold all four doors flush, and a fully finished back lets the cabinet stand freestanding or against a wall.
- Cords, Handled: Four interior cut-outs route cables between compartments, and adjustable shelves reconfigure around a soundbar, media box, or a growing record collection.
