

Nadia Swivel Accent Stool Berry

Round chenille seat, tapered oak base—and a full 360 spin. Rounded forms flow throughout, giving the Nadia comfort and fluidity from every angle while keeping a compact, sculptural footprint. Soft chenille in berry caps a solid oak and oak-veneer base, with foam-and-fiber fill for an easy sit and a metal swivel plate for a smooth 360-degree turn. The seat appears to float above a tapered pedestal that grounds it all. Pull it up, spin around.

- Floats and Spins: Rounded forms and a seat that appears to float above the base give the stool a contemporary, sculptural silhouette with comfort from every angle.
- Soft Berry Chenille: Soft chenille in a berry tone wraps the seat, bringing plush texture and warmth that contrasts thoughtfully with the wood base below.
- Tapered Oak Base: A solid oak and oak-veneer base tapers to a pedestal, giving the stool an architectural foundation that stays approachable and visually light.
- Full 360 Swivel: A metal swivel plate turns the seat a full 360 degrees, and its compact scale works as flexible seating or a decorative accent.

Item Code	EF-1026-38
Swatch Code	SWS-1012-0008
Country Of Origin	VIETNAM
Product Materials	Upholstery: 100% Polyester, Frame: Solid Oak and Oak Veneer Over MDF, Seat Fill: Foam and Fiber, Swivel Plate: Metal
