Naomi Concave Sofa Golden Yellow

Ahead of the curve. Naomi brings curves into the conversation. This concave module is part of a sculptural seating system that plays well solo or paired with its convex counterpart. Configure it into a crescent, stretch it across a room, or build something totally custom—it’s shape-driven design that moves with the space. Upholstered in soft, textured fabric in rich tones, Naomi is as plush as it is playful. No corners, no rules—just better flow.

- Curves in Command: A curved, armless silhouette reads as sculpture from every angle, referencing post-modern shapes while keeping the whole piece approachable and current.
- Soft, Textured Polyester: Plush foam and fiber fill sit beneath textured polyester upholstery in golden yellow, adding warmth and depth to the seating area.
- Steady Underneath: A sturdy plywood frame and tight back hold the curve, keeping the shape true when the module stands solo or joins the wider system.
- Versatile Modular Design: Consisting of two unique sofa components. These components can be arranged together as a concave centerpiece or independently, allowing you to create a variety of eye-catching configurations.
