

Nella Side Table Cappuccino Marble

Cappuccino marble gives the pedestal a strong pour. A tapered base gives the Nella side table a sculptural stance, narrowing as it rises before flaring into the top. The chamfered edge frames the marble surface with a refined, architectural detail. In cappuccino marble, the compact form brings warmth, weight, and a quietly dramatic note beside a sofa or chair. Small table, strong posture, plenty of stone personality.

- Sculptural Pedestal: A tapered base narrows upward, then flares to meet the top for a bold geometric side-table silhouette, so the silhouette feels intentional from every angle.
- Cappuccino Marble: Cappuccino marble brings natural brown tone, stone variation, and a substantial feel to the compact form, letting the material carry the visual story.
- Chamfered Edge: A chamfered tabletop edge frames the surface with a refined detail, giving the marble top a crisp finish, letting the material carry the visual story.
- Compact Accent: The side-table scale works beside a sofa or lounge chair while holding its own as a sculptural surface, while adding practical purpose to the design.
