

Parson Marble Mini Desk White

A simple, contemporary design that works in small spaces, the Parson marble mini desk focuses on mixed material, pairing a natural white Banswara marble top with a sleek black powder-coated iron frame. Whether as a work desk or for display, the beauty of natural marble takes center stage with each piece’s unique color variation and veining as narrow clean lines promote open space and lightness.

- **Mixed-Material Design:** Cool white marble paired with a black powder-coated iron frame gives this compact desk a contemporary, design-forward look in any room.
- **Banswara Marble Top:** A natural white Banswara marble top brings genuine stone character, with tone and veining that vary so every desk is one of a kind.
- **Reinforced Construction:** A supporting layer beneath the marble adds strength against cracking, giving the surface everyday durability without changing its clean, natural look.
- **Compact Workspace:** A space-conscious footprint suits home offices, reading nooks, and bedrooms alike, offering a working surface that stays composed and clutter-free in tight spaces.

Item Code	KY-1025-02-0
