

Post Queen Bed Natural Oak Oat

Four sculptural oak posts that round off every corner. Those rounded profiles frame a fully upholstered headboard, giving the Post bed a contemporary silhouette with foundational, everyday ease. A warm natural oak finish highlights the organic grain, while soft oat upholstery and foam-and-fiber fill bring textile warmth against the exposed wood. A calm, grounded frame that lets the warm oak and soft oat do the talking.

- Rounded Corner Posts: Oversized rounded posts at all four corners give the bed a sculptural, contemporary silhouette that anchors the room with quiet architectural presence.
- Oak Meets Oat: Solid oak posts in a warm natural finish pair with a soft oat upholstered headboard, balancing exposed wood grain against textile warmth and depth.
- Fully Upholstered Headboard: The headboard is fully upholstered front and back over foam-and-fiber fill, staying polished from every angle even when the bed floats off the wall.
- Mattress-Ready Design: Includes a slat system that prevents sinking or shifting, eliminating the need for a box spring and working with adjustable base frames.
