

Potter Dining Chair Heather Beige

Crafted from resilient rubberwood, the Potter dining chair features a high, curved back that gently contours around you and a generously padded seat upholstered in Performance fabric for enduring beauty and ease. This piece marries the tranquil pleasure of soft, supportive seating with the stately appeal of tradition.

- High Back, Soft Turn: The tall back curves inward above an exposed wooden base, a traditional shape that gives the chair a stately presence at the table.
- Hardwood You Can Feel: A resilient rubberwood frame carries the weight of daily use and lends a warm, natural wood tone beneath the upholstery.
- Cushioned Through and Through: Generous foam padding in both the seat and back delivers soft, supportive seating that makes the chair easy to stay in through everyday meals.
- Performance Fabric Upholstery: Woven for everyday use, the polyester surface takes a quick wipe-down and keeps the Heather Beige tone looking fresh between meals.
