

Povera Console Table Black

A convergence of shape and form, the Povera console table will serve as the pillar of your entryway or living area. Povera features two large columns supporting an expansive tabletop, their gentle ribbing reminiscent of ripples and waves. With a rich black finish featuring a soft purple undertone that allows the natural wood grain of the Acacia wood to show through, this console table uses simple geometry and natural materials to form an enchanting experience. Offering bold statement appeal, Povera incorporates the elegance of ratio into your home.

- Ribbed Pillar Base: Two gently ribbed columns support the oval top with wave-like texture, creating a sculptural foundation that adds rhythm and presence beneath the surface.
- Solid Acacia Wood: Crafted entirely from solid acacia, delivering natural grain variation, real weight, and the kind of lasting character that only genuine hardwood provides.
- Moody Black Finish: A rich black treatment with a soft purple undertone lets the acacia's grain come through, adding tonal depth and quiet complexity across the surface.
- One-of-a-Kind Grain: Natural variation in the wood's character, grains, and knots means every console arrives with surface markings and details entirely unique to that piece.
