

Rassa Accent Table Gold

Burnished with a polished finish, the Rassa accent table features Art Deco references with a slender column base that dips to flare out to a metallic, reflective tabletop. The slim form makes it easy to move around and flex to changing needs, while the base features a felt disc to prevent scuffing the floor. Available in polished silver, gold and zinc, this aluminum table’s magnetic charm makes a statement in any space.

- Deco-Inspired Form: A slender column base dips low and flares out to the tabletop, an Art Deco gesture that gives this small table sculptural presence.
- Polished Gold Finish: Aluminum wears a polished gold semi-gloss finish that catches and reflects light, adding warmth and shine to a console, sofa, or bedside.
- Easy to Move: Its slender form stays lightweight, so you can shift it from beside the sofa to the entryway whenever the layout calls for a change.
- Floor-Friendly Base: A felt disc on the underside keeps the table from scuffing floors as you move it, a small detail that protects your space.
