

Regent Framed Painting

Geese caught mid-flight from above, loose brushwork carrying the motion across the canvas. The bird's-eye view gives the Regent a fresh, unexpected angle, with the geese converging toward the center for a genuine sense of movement. Acrylic on canvas in soft blue and warm white, with touches of rust and brown that work across a wide range of rooms. Framed in solid white wood, energy included.

- Bird's-Eye Composition: A flock of geese viewed from above converges toward the center, a dynamic, unexpected composition full of movement and energy.
- Loose, Expressive Brushwork: Painted in acrylic on canvas with loose, painterly brushwork, the piece feels spontaneous and lively rather than tightly illustrative.
- Soft, Livable Palette: Cool blue and warm white with touches of rust and brown make an easy, atmospheric palette that suits a range of interiors.
