

Capra 33 In Lamp Dark Brown

Carved acacia, dialed in to a quiet confidence. A slim, tapered acacia wood base and a cylindrical shade sit together in a clean, considered way, giving the Capra lamp an understated presence. Carved vertical texture runs along the taper, letting the natural character of the wood come through, while a deep, warm dark brown finish keeps the tone current and easy to pair. A lamp that says plenty without raising its voice.

- Clean And Considered: A slim, tapered base and cylindrical shade sit in quiet balance, bringing an understated, modern presence to any surface it sits on.
