

Mayfair Table Lamp Brown

Classic lines, modern glow. Mayfair gets tradition to lighten up. A blackened bronze base brings the structure, while the linen shade softens the shape—and the light. The result? A timeless silhouette that plays well anywhere.

- Refined Details: The sleek silhouette is refined by subtle curves and understated embellishments that enhance the lamp's visual appeal.
- Blackened Bronze Finish: Durable iron is finished in a rich, blackened bronze color that adds depth and character to its traditional silhouette.
- Textured Linen Shade: A textured linen shade in a warm beige hue softens the light. The natural texture of the linen adds visual interest and complements the lamp's traditional design.
