

Martens Counter Stool Brown Leather

Soft landing, clean lines—Martens does both. Martens keeps the room feeling open with an airy barrel back and a smooth curve from leg to frame. Integrated arms add a more grounded posture, while generous padding makes lingering at the island feel effortless. A slim metal frame keeps lines clean, and the seat is built with plywood support and foam comfort. Upholstered in brown top-grain leather, it’s crisp, comfortable, and composed all day at the counter, always.

- Open Barrel Silhouette: Airy barrel back and continuous curve from leg to frame keep the profile clean, light, and easy on the eye.
- Top-Grain Leather Cover: Top-grain leather in brown brings a warm, natural finish that settles in over time, keeping the look tailored and relaxed.
- Metal Frame Backbone: A metal frame and plywood seat base create steady support, while the curved structure keeps the look refined and uncluttered.
- Comfort That Lingers: Integrated arms and generous seat padding make counter seating feel more like a proper chair, from quick coffee to long chats.

Item Code	YM-1010-03
