Magnolia Outdoor Dining Table Cream

A table made to gather around. The Magnolia Dining Table combines a wide pedestal base with a tapered top in a Venetian plaster-inspired cream finish. Cast in concrete, its textured surface brings depth and variation, giving each table a one-of-a-kind character. Suitable for both indoor dining rooms and outdoor patios, Magnolia blends sculptural form with practical durability.

- Pedestal silhouette: A column-style base anchors the design, paired with a tapered tabletop edge for a balanced look that feels both grounded and sculptural.
- Concrete material: Constructed fully from concrete in a cream-toned finish, offering long-lasting durability with a surface built to handle indoor and outdoor use.
- Plaster texture: Hand-applied finish mimics Venetian plaster with intentional variation, adding depth, visual interest, and a time-worn character to each table.
- Indoor-outdoor use: Designed for versatility, easily transitions between indoor dining spaces and outdoor settings while maintaining style and function in both.
