Post Dining Table Small Oak Black

Good lines come standard when a table's this thoughtfully shaped. Rounded corners and thick, sculptural legs turn soft geometry into a quiet design signature, modern and familiar at once. Solid white oak takes a blackened, semi-gloss finish that deepens the grain and shrugs off everyday scratches. A rectangular top seats up to eight, ready for long dinners, work sessions, and everything in between. A grounded spot to gather, with form and function in perfect rhythm.

- All In The Detail: Sculptural legs and softened corners bring warmth, personality, and visual balance to a dining space without ever overpowering the rest of the room.
- Blackened White Oak: Solid white oak takes a blackened, semi-gloss finish, so the grain still shows through with depth while quietly resisting everyday scratches.
- Crafted To Last: Precision joinery and solid hardwood make this a piece you can count on for years, and for many shared meals, still to come.
- Seats Up To Eight: A rectangular silhouette comfortably seats eight, well suited to long dinners, focused work sessions, and just about everything in between.
