

Culver Dining Table Emperor Marble

Marble this moody deserves a base with backbone. Deep brown veining runs across the Culver dining table's softly squared top with rounded corners, while the sculpted pedestal base gives it a substantial, modern profile underneath. Cool stone and warm, earthy wood balance each other for a grounded centerpiece. Scaled to seat four to six, it settles easily into dining rooms and open-plan spaces. Marble with both feet on the ground.

- **Sculpted Pedestal:** A softly squared top with rounded corners sits on a sculpted oak pedestal base, giving the table a substantial, modern profile that anchors a room.
- **Dark Emperor Marble:** A Dark Emperor marble top carries deep brown veining that varies piece to piece, bringing genuine, earthy stone character over a warm oak base.
- **Seats Four To Six:** The generous surface seats four to six, making it well suited to dining rooms, open-plan layouts, and meals that stretch into the evening.
- **Stone Meets Oak:** Cool marble and warm, earthy oak play off each other, balancing a modern stone surface with the grounded warmth of a sculpted base.
