

Elise Counter Stool Cedar Green

Pull up—Elise makes the everyday seat feel considered. Softly sloped arms and a single, continuous iron frame give it that modern-archetype ease, without the hard edges. It reads refined from every angle, even on busy days. Wrapped in Cedar-Green polyester with neat piping, the padded seat and back invite lingering breakfasts and quick emails alike. Foam and plywood keep the sit supportive, while metal stretchers steady things underfoot. Best part: it arrives ready to work.

- Curved Frame Lines: Sloped arms flow into a continuous iron frame, giving Elise a modern archetype profile with piping that keeps the look refined.
- Performance Upholstery: 100% polyester performance fabric pairs with an iron frame, while foam over plywood adds comfort without feeling bulky at all.
- No-Fuss Structure: A sturdy iron frame, metal stretchers, and a supportive seat deck create a stable perch that holds its shape through daily use.
- Cushioned Counter Comfort: Padded seat and backrest create an easy, supportive sit that works for morning coffee, meals, and lingering conversations at the island.
