

Takio Queen Bed Light Grey

Modern and minimal. The Takio bed is softly upholstered in light grey polyester fabric for a soothing feel before you drift off to dreamland. Lightly stuffed and tufted on top of a solid wood construction for ultimate comfort.

- Channeled Cushioning: Soft upholstery and foam padding shape a channeled headboard that brings tailored texture and a comfortable spot to lean back at night.
- Grey Upholstery Warmth: Light grey polyester upholstery softens the frame, while subtle wood cylinder legs add a grounded finish that keeps the look clean.
- Pine Frame Support: Solid pine construction creates a steady base, with wood slats, plywood, and MDF working behind the scenes for everyday support.
- Mattress-Ready Design: Includes a slat system that prevents sinking or shifting, eliminating the need for a box spring and working with adjustable base frames.
