

Jacqueline Queen Bed Cream

The Jacqueline bed embraces a Provençal-inspired design with a gently waved headboard and footboard, fully upholstered in cream. Geometric stacked legs of solid ash add a contemporary twist to traditional charm. Meticulously crafted with a padded headboard, this bed offers both comfort and durability, transforming the bedroom into a haven of tranquility.

- Provence, Reframed: A waved headboard and footboard pair with geometric stacked legs, giving this bed traditional influence with a fresher, more playful point of view.
- Soft, Structured Mix: Cream polyester upholstery, foam-and-fiber cushioning, and solid ash legs balance softness and support, keeping the overall look warm and composed.
- Fully Upholstered Form: The upholstered frame wraps the silhouette from headboard to footboard, while plywood and MDF help maintain its clean, sculptural shape.
- Mattress-Ready Design: Includes a slat system that prevents sinking or shifting, eliminating the need for a box spring and working with adjustable base frames.
