

Trumpet Table Lamp Gold

With a thin iron shade that's an abstract rendition of a trumpet, the Trumpet Table Lamp stays true to its name. A brass finish gives this lamp a modern touch. Ideal for smaller spaces that need focused light.

- Trumpet, Abstracted: A thin iron shade riffs on the shape of a trumpet, giving the lamp a sculptural presence even before the light goes on.
- Iron and Brass: Both base and shade are made of iron, finished in warm brass tones that catch light and read contemporary in any room.
- Light Where You Want It: The narrow shade concentrates a single bulb's glow into focused light, ideal for a bedside table, desk, or smaller corner.
- Ready for Any Bulb: UL certified and LED compatible, it takes one bulb of your choosing—bulbs are sold separately so you can dial in the warmth.
