Aldo Round Dining Table Walnut

Solid American walnut — no corners cut, and none to begin with. Mid-century modern in tradition, this round dining table brings a grounded, sculptural presence, with a circular top that keeps conversation flowing easily around the surface. A clean-lined base keeps the Aldo's footprint minimal, letting the walnut grain and its natural tone stay the focal point. Seats four comfortably — and every one of them sits at the head of the table.

- Mid-Century Round: A circular top and mid-century modern lines give the piece a grounded, sculptural presence that fits both formal and everyday dining rooms.
- Solid American Walnut: The entire table is crafted from solid American walnut, carrying rich grain, warm tone, and the natural character of hardwood.
- Anchored Underneath: A pared-back base holds the round top steady, keeping the footprint compact so the walnut grain and natural tone stay center stage.
- Room For Four: Seating for four keeps every guest within easy reach of the conversation, making the piece well suited to shared meals and unhurried gatherings.
