

Sage Cafe Table Cosmos Marble

Soft stone, solid impression. Sage balances polish and warmth like it's second nature. A smooth Cosmos marble top sets the tone with soft beige veining, while the sculpted oak pedestal base brings the craft. Subtle carving at the base adds a touch of detail to ground the shape—and catch the eye. Natural materials, modern proportions, and made to make an entrance.

- Expressive Marble: The Sage Cafe Table combines a round Cosmos marble top with a mid-tone brown oak pedestal base, creating a complementary blend of natural materials.
- Carved Details: The carved detailing at the base of the oak pedestal adds visual interest and a sense of craftsmanship to the piece.
- Complementary Tones: The warm oak base softens the marble top for a balanced and inviting feel.
