

Owing Counter Stool Walnut Brown

A curved back and open frame—mid-century design distilled to its essentials. This counter stool is made entirely from solid walnut, with a warm brown tone that highlights the wood's natural grain and knots. The mid-height back supports comfortable, upright seating without crowding the counter. A scratch-resistant surface handles daily use with ease, and because each piece of walnut carries its own character, no two stools are exactly alike. Form with a fingerprint.

- Curved Open Back: A mid-height curved back and open frame create a clean mid-century silhouette that keeps sightlines clear around counters and islands.
- Solid Walnut Frame: Made entirely from solid walnut in a warm brown tone, letting rich natural grain patterns and knots define the character of each stool.
- Naturally Distinct: Each piece of walnut carries its own unique grain and knot patterns, meaning no two stools share the same look or feel.
- Ready for Daily Use: A scratch-resistant surface protects the solid walnut from everyday scuffs and wear, so the stool holds up season after season.
