

Martens Bar Stool Brown Leather

Pull up, stay awhile. Martens pairs an open barrel back with a continuous curve that runs from leg to frame, so the silhouette feels light but grounded. Top-grain brown leather wraps generously padded foam for sit-long comfort, while subtle armrests add just enough structure for polished gatherings. A slim metal frame keeps the look uncluttered and easy to style. Perfect for quick breakfasts, long chats, and everything in between.

- Airy Barrel Back: Open-back barrel shape and continuous curve create a light profile that still feels composed at the bar from morning coffee to late-night pours.
- Top-Grain Leather: Brown top-grain leather upholstery adds natural character and wipes clean easily, backed by foam and plywood for supportive comfort with a smooth, finished hand.
- Curved Metal Frame: Metal frame follows the seat's curve from legs to back, keeping lines continuous and stability steady through daily use at any counter height.
- Comfort-First Padding: Generously padded seat and supportive arms invite longer stays, whether you're hosting, working, or lingering over dessert without feeling bulky in the room.

Item Code	YM-1011-03
