

Seymour Sideboard Natural

MOES

Rattan with range. Seymour keeps things light. A solid oak frame in a rustic natural finish shows off the grain, while woven rattan doors bring texture and warmth. Slim legs and a soft top overhang add lift and dimension. Brass-finish handles? Just the right contrast. With soft-close doors and media holes in the back, it's equal parts easygoing and well-considered.

- Crafted with Care, Naturally: Made with oak and natural woven rattan door fronts, this sideboard highlights the organic grain and texture of the wood.
- Details and Dimension: The slim legs and slight overhang of the top add dimension and maintain a light, airy presence, while the brass-finished metal handles add a touch of refinement to the natural palette.
- Woven Warmth: The natural rattan door fronts bring subtle pattern and texture to the piece, adding organic warmth while maintaining a lightweight look.
- Thoughtfully Practical: With two media holes and soft-close doors, it's designed with both convenience and functionality in mind.
