

Pierce Accent Chair Flecked Beige

Folded to get noticed. Pierce brings a '70s-inspired lounge attitude with a low, armless profile that feels relaxed from the first sit. That foldover detail softens the silhouette, while tufting adds just enough structure to keep things intentional. Textured, flecked polyester upholstery gives beige a layered look. Inside, foam, dacron, and fiber cushioning keeps it cozy. A rubber wood and plywood frame, plus a rubber wood base, keeps the look grounded—literally and visually, too.

- '70s-Ready Shape: Low, armless, and tufted with a foldover edge that adds shape and slouch, making the whole silhouette feel intentionally relaxed.
- Flecked Texture Depth: 100% polyester upholstery with visible flecks adds depth to beige, giving the surface a layered finish that stays soft and casual.
- Solid Wood Foundation: Solid rubber wood and plywood frame supports the seat, while rubber wood legs keep the profile open and grounded visually.
- Glide-Friendly Legs: Plastic gliders help protect floors and make it easy to shift Pierce into place when the room layout changes again.
