

Preston Accent Chair Black

Preston is your shortcut to laid-back style. Inspired by Brazilian mid-century design, its armless profile slips easily into tight corners and open plans alike. A solid acacia frame holds a canvas sling support, topped with pillowy foam-and-fiber cushions for relaxed comfort. Wrapped in black top-grain buffalo leather, it softens with use and develops natural character over time. Pull it up for conversation, then let it disappear when the room needs space and still looks pulled together.

- Armless Mid-Century Ease: Brazilian-inspired lines and a low, open profile keep the chair visually light, making it easy to layer into any room.
- Top-Grain Buffalo Leather: 100% top-grain buffalo leather in black brings rich tone now, then relaxes over time with natural character.
- Solid Acacia Frame: Solid acacia wood pairs with canvas sling support to create a steady foundation that helps the cushions feel secure.
- Pillowy Cushioning: Foam-and-fiber fill offers a relaxed sit that’s great for reading or extra guests, while the armless shape tucks in neatly.
