

## Taffy Accent Table Black

Rounded ridges wrap a cylinder — Taffy is sculpture you can sit on. The ridged silhouette adds quiet rhythm to a simple, grounded form, equally at home as an accent table or a spare stool. Made from fiber-reinforced natural concrete, each piece varies slightly in color, pattern, and texture, so no two are quite alike. Sealed with acrylic and stain- and water-resistant, it handles patio duty and indoor spills alike. Small footprint, sweet payoff.

- **Ridged Cylinder:** Rounded ridges encircle a cylindrical silhouette, adding textured visual rhythm to a simple, grounded form that anchors a corner with ease.
- **Fiber-Reinforced Concrete:** Fiber-reinforced natural concrete varies in color, pattern, and texture piece to piece, making each black Taffy table genuinely one of a kind.
- **Stain And Water Resistant:** A sealed acrylic finish helps it resist stains and water, holding up to spills and weather without losing its composure.
- **Table Or Stool:** Suited to indoor or outdoor use, it works as an accent table and doubles as occasional seating when extra guests show up.
