

Terning Coffee Table Black And White

Simple square, bold surface—the contrast does the talking. White and black camel bone, ethically sourced and set in resin, covers the Terning coffee table in a hypnotic art deco pattern. Subtle legs let the patterned top hold the attention, while an iron and MDF structure underneath keeps the square shape true. Bold pattern, simple shape, and an art deco accent to style a room around.

- Contrast on Purpose: A hypnotic art deco pattern in black and white turns a simple square shape into a bold graphic statement for the living room.
- Sourced With Care: Camel bone is ethically sourced and set in resin, a material with natural depth that gives each table an arrangement of markings entirely its own.
- Steady Underneath: An iron frame and CARB-compliant structure support the top, so the square shape stays flat and stable under daily use.
- Legs That Step Back: Subtle legs keep the base understated so the top stays the focus, making the table easy to style a room around.
