

Terning Side Table Black And White

Simplistic and bold, the Terning side table's hypnotic art deco design is an exercise in contrast. A veneer of ethically sourced white and black camel bone with resin adds a visual statement that contrasts with its simple construction and square shape. The Terning series features a coffee table and a side table to better suit living spaces of all sizes and shapes.

- Hypnotic Art Deco Surface: A high-contrast black and white bone pattern wraps the square form, turning a straightforward shape into a piece worth a second look.
- Ethically Sourced Bone: Camel bone and resin create a natural surface with depth and texture that shifts subtly across the piece, unique to every table produced.
- Subtle Iron Legs: Low-profile iron legs lift the table just enough to create visual breathing room beneath, keeping the overall form feeling light and easy to place.
- Generous Square Top: An 18-inch square surface provides ample room for books, drinks, and decor while the geometric footprint anchors the piece in any layout.
